FOR IMMEDIATE RELEASE

ARBA Membership

Dear ARBA Members:

The ARBA's greatest concern is the safety of its members and rabbit enthusiasts. Recently, on social media and in social circles, serious allegations have been made regarding inappropriate and/or illegal behavior supposedly condoned by the ARBA.

Nothing could be further from the truth. Please understand the ARBA has not and will not condone illegal and/or inappropriate behavior by its officers.

If individual(s) have evidence of illegal behavior, he/she needs to report the same to the appropriate law enforcement authorities.

Please understand that the ARBA is committed to an environment free of retaliation or retribution. Should any member contact myself or another ARBA Board member, correspondence will be maintained with the utmost confidence.

Sincerely,

Josh Humphries
ARBA President
