Showroom Classes & Weights

Senior Bucks and Does – 6 months of age and over, weight 6 ¼ to 8 ¼ pounds. Ideal weight 7 ¼ pounds.

Junior Bucks & Does – under 6 months of age minimum weight 3 ¼ pounds and maximum weight 6 ½ pounds.

POSING: The Czech Frosty is posed with hind feet squarely under the rabbit. Gently lift under the chin to elevate the forequarters slightly. The shoulders should be level with, or just slightly higher than the hindquarters to show off the desired straight topline. The rabbit should rest lightly on the front feet, toes in line with eyes, with the head carried in a medium position. Front feet and a portion of the front leg should be visible. Czech Frosties should not be pushed down to the table nor stretched.

GENERAL TYPE – Points 65

BODY – 30 points: The body is to be stocky and cylindrical. The topline is flat, starting at the nape of the neck. Shoulders are to be the same width as the hindquarters. The loin is to be well-filled and the body is to be plump and firm of flesh. Hindquarters are to be smooth and show roundness when viewed from any direction. The tail is to be carried erect. Faults – Narrow or long in body; tapered body with shoulders narrower than hindquarters; pinched or undercut in lower hindquarter. Any indication of an arched topline.

HEAD – 15 Points: The head is to be short and full with well-filled cheeks, bolder and more developed in bucks than in does. Head is set close to the body. Faults-Pinched muzzle

EARS – 10 Points: Ears are to be erect, thick, well-furred, broadly based showing an open and rounded ear tip. Faults – Thin ears, folded or pointed ears, lightly furred ears. Disqualification: Ears over 4 1/4 inches.

FEET & LEGS – 10 Points: The legs are to be short, straight, and medium bone. Toenails to be colored. Toenails on Juniors should show pigment, but, may be lighter. Faults- Seniors with light toenails Disqualifications- White toenails

FUR – 15 Points: The fur is to be dense with resilience allowing it to return to natural position when stroked in any direction. Preferred length is 1 inch. Fur is to be soft to the touch, neither harsh, silky, nor wooly. Faults – Flyback, or standing coat. Coat shorter than 1 inch.

COLOR –15 Points:

Surface Color – 10 Points: The surface color is will show dark sepia tipped guard hairs with the appearance of a dark 'haze' or 'veil.' This should be uniformly distributed over the entire rabbit with the exception of eye-circles, underside of the tail, belly, inside of the legs, and nape of the neck, where white is allowed. The ears may be frosted more heavily than the body. Juniors will have a lighter haze.

Undercolor – 5 Points: Undercolor is white.

Eyes – Brown

Faults - Lack of uniformity in surface color.

Disqualifications-Any other eye color., absence of ticking; white patches in the surface color; any undercolor other than white; mismatched or white toenails.

CONDITION – 5 Points: Per ARBA Definition.
