

Orange Lutino Netherland Dwarf

inside of the ears is to be white, while the nostrils and eye circles are to be creamy white. The coat darkens with age, and is not considered a fault. Nails-White or clear in color. Eyes—Pupil to be pink to ruby red, with darker pink to red desirable. Iris to be pink with a light bluish lilac cast permissible.

Faults—Animals with a bluish tinge to the coat or undercolor.

Disqualification—Any other eye color than described.

Note to Judges—*The color of the iris can be more pronounced in the older animal.*

Variety to be shown in the AOV group.

Coat color—The surface color of the body is to be a bright orange on the head, outside of ears, loin, and top of the tail. The color may fade to a lighter orange on the flanks and chest. Color to be carried well down the hair shaft to an off-white base. The surface color of the belly (except for orange lap spots), back of forelegs, inside of hind legs, top of hind feet, and underside of lower jaw is to be white with an off-white base. The underside of the tail and around the vent is to be white to the skin. The
