Clubs are encouraged to acknowledge the potential need to cancel contracts due to RHD concerns when soliciting contractors to officiate or vend at ARBA sanctioned shows. Owners who have experienced RHD infections in their herd are required to report the infection to ARBA and are ineligible to participate in and are discouraged from attending any ARBA sanctioned show/event for a period of 4 months from the last RHD related death and are strongly encouraged to avoid direct contact with other rabbit breeders/owners during this time period. ARBA sanctioned cavy-only specialty shows may be held provided the club's show rules contain a specific prohibition against rabbit being on the premises of the show site during the sanctioned show. "Attendees must be aware that although RHD does not infect cavies, the virus may be transmitted even without direct contact with rabbits. Many cavy breeders also raise rabbits thus robust biosecurity measures must be taken to reduce the risk of transmission of this deadly virus."
